MESSAGES FROM OFFICERS AND STAFF:

FROM THE SECRETARY: Upon acceptance into the club, each member is mailed the following:

- Membership Card
- List of Names and Addresses of the Membership
- Copy of the club By-Laws
- Copies of all past club projects still available:  
 (Still available)--6th Edition coins under \$1.00 Project.  
 Check List of Countries Issuing Crowns  
 since 1800.

Any members not having all the above items are requested to write immediately and the missing items will be forwarded at once.

Also, listed in the June, July and this bulletin are some changes of address. Anyone who has had a change of address since the last publishing of the membership list in May, that has not been mentioned to date, are requested to inform us of their new address.

FROM THE CORRESPONDING SECRETARY: To save members the cost of postage, coins ordered are shipped out only once a month. Sometime, this causes confusion when a bulletin is out with a listing of extra coins for sale and you have not received the same items you had ordered previously. Please allow about 10 days after receipt of the bulletin before writing about items listed in the extras section that you had not received on your order. After 10 days, if you still have not received items that are known to be in, please write direct to Bob Tomlinson concerning the non-receipt of your coins.

Also, we don't guarantee our bookkeeping to be infallible. If there are any questions concerning your account balance, please write direct to Bob and help us get it straightened out before the error gets too historical. We are trying harder, but errors do happen and without your help, we might not always catch them.

FROM THE BULLETIN EDITOR: OK, let's all you budding authors get to work. We need some articles for future bulletins. Please get to work and send in information or articles taking no more than one or two pages, unless on a continued basis, for inclusion in future issues of the bulletin.

OUR AMSTERDAM CORRESPONDENT:

Due to his heavy backlog of mail to be taken care of and other personal responsibilities, we will have to excuse our Amsterdam correspondent, Matthew J. van der Voort, from his monthly article this time. Matthew traveled for one month in the states and is very busy at home now trying to catch up. Let's hope that he gets caught up in time for an always interesting article for the September Bulletin.

NI AND GCTA JOINT PROJECTS:

7th Edition Checklist of GOLD types -- In this issue of the bulletin.

Checklist for Conversion From the 6th to 7th Edition -- The basic work of this project has been completed and is now being compiled and coordinated by Glenn V. Ritter. It is hoped to have the final results of this project ready for distribution in the September bulletin.

7th Edition "Yeoman Error Project" -- This project has just been started and will probably last 5-6 months. The project, in a capsule, is a study of the "brown book" to uncover errors and make suggestions to the Whitman Publishing Co. as to recommended type additions and deletions, suggested renumbering where necessary, rearrangement where needed, additions or deletions of plates where needed, and other important data necessary to help R. S. Yeoman produce a finer reference book. It is hoped that the project can be completed in time for possible changes in the 8th Edition. Several members of NI and GCTA have been contacted for assistance in this project. A letter of information and instruction sheet has been mailed to the volunteering members. We will keep you posted on the project as it develops.

COIN OFFERINGS NEXT MONTH: There will be a wide selection of coinage from Siam at approximately 60% of Yeoman. These are being offered through the courtesy of member, JACK CORNETT.

# THE COINAGE OF TUNISIA

By Patrick D. Hogan

The following is a listing of the coins of Tunisia as they are expected to be listed in Yeoman's 8th Edition. Your author has been working closely with Yeoman on this area and has been all but assured that these changes will take place and the country will be renumbered as listed below. Remember, of course, there is always the possibility that things will change between now and the publication date. Anyway, this list of BEY's is provided so that you can decide now which new listings will be needed in your date or type collections. The 7th Edition Yeoman numbers that will be changed are in parenthesis.
